TONOPAH DAILY BONANZA

Today's Silver
Quotation, 54 3-8

VOL. XI. NO. 54

TONOPAH, NEVADA, WEDNESDAY EVENING, DECEMBER 27, 1911.

PRICE 10 CENTS.

RICH STRIKE ON 800 LEVEL MONTANA-TONOPAH

Entirely New Ledge, 6 Feet of Which Runs From \$80 to \$100, and 15 Inches Goes \$1500 to \$2000---Discovery Will Mean Much for the North Star, Being Near That Property's Lines

Tonopah is destined to be known as the phenomenal rich-ledge mining camp of the mineral states in this great government of ours. Every few weeks is recorded an important new ledge discovery in one or another of our great producing mines. The latest strike to be recorded and heralded to the public is the cutting of a new ledge on the 815-foot level of the Montana-Tonopah mine. This ledge was broken into Friday night from a cross-

cut that had been run to cut it. The new ledge is one of the richest in values that has been encountered in this district for some time. Authority, not official, says the ledge is six feet wide and the character of the ore is ruby silver and ruby sulphides of silver. Four feet of the ledge will average from \$80 to \$100 per ton and fifteen inches of the ledge will assay from \$1500 to \$2000. The latter high-grade ore is of the ruby silver

variety and is plastered with the native silver. The ore is of the same character as that mined from the "Ruby Chamber" in an upper level. The new strike has been kept quiet—for what reason is not known.

The new discovery is northeast of the main shaft and is bound to enter the North Star ground. The section where the ledge would penetrate the North Star has never been prospected by that company, but the

old saying that one mine develops the adjoining one, will certainly prove true in the finding of this rich ore body in the Montana.

The Montana mine, by some, was thought worked out about a year ago, but today is in better condition than it ever was. It certainly has more ore and of a high grade than at any time heretofore. There is no doubt but this valuable ledge goes down in depth, the same as the rich and large ledges of the

Belmont do. Should this ledge attain depth, and it surely must, the Montana will cause some of her sister mines to be brushing up and finding new ore bodies.

The Montana company has a great area of mining ground, and is being developed in a systematic and practical mining way, and it is not surprising to hear of new strikes in its property at any time. The Montana has given Tonopah its Christmas turkey; what mining company

is to present it with its New Year bird?

Jim Butler, the father of Tonopah, was certainly correct in his prediction when asked by the expert if he thought the ledges went down, and answered: "Well by God, they don't go up!" Deep mining in the Tonopah district has proven to the satisfaction of the mining world that the deeper you go down in the bowels of the earth, the richer the ore deposits.

NEVADA MAY BE SCENE OF ANOTHER FINISH FIGHT

SALT LAKE CITY, Dec. 27.—Jack Curley of Chicago, manager of Jim Flynn, the Pueblo heavyweight, announced yesterday that he would guarantee Jack Johnson \$20,000 for his share of the purse, win, lose or draw, for a finish battle with Jim Flynn for the heavyweight championship of the world.

Curley declared that he would select Nevada as the battleground, as he insisted that the fight be to a finish, and he did not think it could be staged elsewhere.

Curley expects to leave for Reno to confer with Johnson after the Flynn-Capone bout.

The above announcement will be received with mixed feelings by the

people of this state. There are many who, remembering a certain July Fourth, will lean emphatically to the opinion that Reno has had about enough visitations in the shape of championship fights. On the other hand, there are, no doubt, many who will insist that so long as the law relative to finish fights in this state is what it is, there is no good reason why the battle— if that be the right word—should not be pulled off on Nevada soil. Finally, the announcement is not yet to be taken seriously, because the prospect of a fight between the Fighting Fireman and the Big Smoke of the Golden Grin is not one that would arouse much interest in the world of sport.

Johnson Is Undecided.

CHICAGO, Dec. 27.—Jack Johnson yesterday declined to say positively whether he will accept the offer to meet Jim Flynn.

"It is doubtful if I do," he said. "Tom O'Rourke of New York has offered a \$25,000 purse, my opponent to be picked later, and I am considering an Australian trip which will net me even more than that."

Later, Johnson was positive in asserting that he would not fight Flynn for less than a \$30,000 purse.

"I am willing to meet Flynn anywhere in the world," he said, "but the purse must be \$30,000. Tom O'Rourke's offer is for ten rounds and that looks pretty good, to say nothing of the Australian proposition."

TONOPAH COUPLE WEDDED IN RENO

Two of Tonopah's younger set quietly departed from this city last Sunday morning for Reno with the avowed purpose and intention of spending Christmas with their parents, who reside in the beautiful city on the banks of the raging Truckee—so they told all their friends—but did they? Many were the surprises today when telegram were received in this city from the bride, Mrs. McKenzie (nee Miss Hazel Larcombe), teacher in the Tonopah public school, telling of her marriage yesterday to Mr. Clyde S. McKenzie of this city. The bride and groom both attended the University of Nevada and were graduates of the 1910 class. It was during their college days that Clyde's dart entwined their hearts and their romance has resulted in this happy marriage union. The bride is a teacher of the fourth grade in the Tonopah public school and has, during her short residence in this city, entwined a wreath of friendship about her by both little and big folks that will not break. The groom, Mr. Clyde S. McKenzie is one of the efficient employees of the Tonopah Belmont Development company as head draughtsman, is very popular with his employers and a general favorite and all-around good fellow with his acquaintances and friends. The newly-weds will make Tonopah their home. The Bonanza, along with their many friends, wish Mr. and Mrs. McKenzie a life of joy and happiness.

PREMIER OF CHINA IS ASKING FOR ASSEMBLY

PEKING, China, Dec. 27.—Premier Yuan Shi Kai has submitted to the more prominent Manchus here the proposal emanating from Shanghai for the meeting of a special national assembly to decide on the future form of government which shall be adopted for China. This step by the premier practically means that he asks the court to decide its own fate, because the members of such a national assembly would decide in favor of a republic. If the Manchus agree to adopt the suggestion their decision to do so will be promulgated as an edict, which in all probability will be made public at once.

Plan Is Approved.

SHANGHAI, Dec. 27.—Premier Yuan Shi Kai's decision to submit the proposal for the meeting of a special national assembly to decide on the future form of government in China to the consideration of the Manchus, on becoming known here caused considerable satisfaction.

According to the revolutionary leaders now in Shanghai, Premier Yuan Shi Kai's consent is tantamount to the issue that he himself favors a republic.

Tang Yi, who is representing the premier here, informed the peace leaders that the Yuan favored the republic.

When Tang Shao Yi had fully realized the true situation in the south he telegraphed to Premier Yuan Shi Kai, suggesting that an

edict should be issued, leaving the decision as to the form of government to the people of China through a national convention.

The leaders of both parties here say the convention will be purely a formal affair. There can, in their opinion, be no question regarding the result of such a convention, which they assert can be called together within thirty days.

The present situation, it is said by revolutionary leaders, was fully anticipated. Every detail of the plans is already complete for the organization of a provincial government and the eventual establishment of a stable government.

As no reply has yet been received by Tang Shao Yi to his dispatch to Premier Yuan Shi Kai, pointing out that the acceptance of the idea of a republic is the only means of securing peace, the revolutionaries are demanding vigorous action, the immediate election of a president of the republic, and asking that the government shall be proceeded with without any other notice taken of Peking.

The conference held yesterday between Dr. Sen Yat, the proposed president and Wu Ting Fang, chief of the revolutionary delegates at the peace conference, resulted in complete agreement between the two leaders and the revolutionaries are now showing a more united front than ever. Nanking is regarded as a suitable place for the capital of the new republic.

MASONS WILL ATTEND ST. MARKS CHURCH TONIGHT

Mr. Herman Albert, who is the guest of Rev. George Gallup at the rectory, has kindly accepted the position of organist and choirmaster of the church.

Members of the Masonic order, Tonopah lodge, No. 28, will attend St. Mark's church for services this evening at 7:30, today being St. John's day.

An excellent and appropriate musical program has been arranged for this occasion.

SAD INTELLIGENCES RECEIVED BY GOLDSON

Gustave Goldson, well-known miner of this district and at present an employee of the Tonopah Belmont Development company, received a telegram yesterday apprising him of the fact that his son Gustave Goldson, Jr., aged 12 years, was at the threshold of death at Frederickson, Mo. Mr. Goldson left this morning for Los Angeles where he will take the southern route, or Santa Fe system to his home in Missouri.

NO POLITICS FOR TEDDY R. SO HE SAYS

NEW YORK, Dec. 27.—Theodore Roosevelt announced yesterday afternoon that he was taking no part in the New York state politics and "not a single human being" had asked him to lend his influence to the support of any candidate for the republican nomination for governor next year.

"I haven't been asked because I'm not in politics and nobody expects me to be in politics," said he.

Colonel Roosevelt yesterday had an hour's conference with Darwin P. James, Jr., president of the Young Republican club of Brooklyn.

George Stout came in yesterday by auto from Manhattan. Stout has been working in Round Mountain for the past three months. He expects to take a position in Tonopah shortly.

FORMER TONOPAH WEDS A GOLDFIELD LADY

On Christmas day in Goldfield Tonopah's former esteemed citizen, A. J. Lyon, auditor of the Tonopah & Goldfield railroad, led to the Hymenal altar Miss Margaret Ware, a former teacher in physical culture in the Goldfield schools. Both bride and groom are very popular people with all of their acquaintances in the southern country, where they have resided for several years past, and their marriage comes as a surprise to their many friends in this city, but the surprise brings sincere congratulations from each of them, and all wish the newly-weds a life of wedded happiness.

TWO STEAMERS GO DOWN IN THE BAY OF BISCAY

GLASGOW, Dec. 27.—The British steamer Guillemet, from London for Genoa, foundered in the Bay of Biscay, December 21. The captain and 15 of the crew were lost. Seven survivors picked up by the steamer Lincain were landed here. Immediately after rescuing the survivors of the Guillemet, the Lincain sighted an unknown Spanish steamer in distress, which sunk with all hands before it could be reached.

WILD MOROS ARE SHOT BY TROOPS

MANILA, Dec. 27.—The Moros who several days ago retired to the top of Bud Dajo in the island of Jolo, which they fortified, capitulated yesterday to the American soldiers. The Moros number 600 in all. Their supplies were cut off and they were surrounded in their stronghold by American infantrymen. Prior to the surrender a desperate band of twenty tried to force an outpost, but were repulsed. Several Moros were killed, but there was no American casualties.

A house to rent? Try a Bonanza "want ad."

REYES ORDERED BROUGHT TO THE NATIONAL CAPITAL

MEXICO CITY, Dec. 27.—The end of the week probably will see General Bernardo Reyes, who surrendered to the Mexican authorities, occupying a cell in the penitentiary of the federal district in the portion set apart for political prisoners.

An order that he be brought to the national capital was transmitted yesterday by the minister of the interior to General Geronimo Trevino at Monterey. The commander of the third military zone probably will assign an escort of rurales to General Reyes and also give him a safe conduct to Mexico City.

ST. LOUIS, Dec. 27.—Rudolfo Reyes, son of General Bernardo Reyes, who is here temporarily, received a telegram yesterday which he construed as a denial of the press dispatches that his father had surrendered at Linares, Mexico. The telegram was sent from San Antonio, Texas, by Alejandro Reyes, a younger brother, and a translation of it follows:

"Please deny in the St. Louis newspapers the notice of our father's surrender. We will make the same denial in San Antonio."

The message further stated the denial was authorized by Senora Aurelia Ochoa de Reyes, wife of the general, who is in San Antonio.

Rudolfo Reyes said he would depart immediately for Chicago unless he received confirmation of the surrender of his father, in which event he would go to San Antonio.

MEXICO CITY, Dec. 27.—The surrender of General Bernardo Reyes at Linares, Nuevo Leon, yesterday, it is believed here, marks the end of the most perplexing problem yet brought before the Madero government.

Seemingly all over the country, recently, have sprung small revolts and most of them were in the name of the former military leader of the country.

His following in Mexico was considered very strong for years ago—this was attributed much of the apprehension of the government when he started his revolution.

He formerly was governor of the state of Nuevo Leon and later commander-in-chief of the Mexican army. This last post he held for some time under President Diaz,

STANFORD DEFEATED.

VANCOUVER, B. C., Dec. 27.—In a game of Rugby football Vancouver defeated Stanford by a score of 18 to 8. At Victoria the Canadian team and the University of California played a tie game.

MUSHETT-WITTENBERG LEASE IN RICH ORE

The Mushett-Wittenberg lease on Manhattan Consolidated is now stopping ore from a chute recently opened up, grab samples from which are assaying better than \$80 per ton in gold. Up to yesterday when the information was received in Tonopah from Mr. Mushett, about 20 tons had been stoped from this high grade chute, and it is looking better all the time. Everybody in Tonopah wishes the leasers a Happy New Year.

FORMER LIGHT WEIGHT TO BECOME A PREACHER

LA PORTE, Ind., Dec. 27.—Eddie Young, a former lightweight boxing champion of the Pacific coast, has returned to his birthplace at Columbus, Ind., and announced he would leave the prize ring to study in a Chicago theological school. Young said he expected to occupy a pulpit in a few years.

holding the rank at the time of the latter's resignation.

A few months prior to the outbreak of the Madero revolution there were rumors of a threatened outbreak against Diaz in favor of Reyes. Diaz then sent Reyes to Europe, ostensibly to study military organizations there.

RUSSIAN OFFICERS DENY THE STORY OF BUTCHERY

JULFA, Persia, Dec. 27.—Another large force of Russian troops of all arms left their encampment yesterday in the vicinity of Isfahan for Tabriz. The reinforcements consisted of three additional regiments of rifles, three squadrons of Cossacks and two mountain batteries, all at war strength.

ST. PETERSBURG, Dec. 27.—The Russian consul general at Tabriz has telegraphed to the foreign office a vigorous denial of the charges of murder and outrages which have been launched against the Russian troops by the Persian authorities.

The consul general says: "I protest against this infamous calumny of our troops, who have always treated the peaceful populace with humanity, notwithstanding the atrocities wreaked by the Persians on our wounded soldiers and the mutilation of our killed."

"If innocent persons have suffered it can only have been during the bombardment of the houses."

"On this occasion a young officer was treacherously killed by the Persians."

Serious Apprehension Caused.

LONDON, Dec. 27.—The proclamation of martial law at Teheran following the dismissal of W. Morgan Shuster, by the Persian cabinet and the fragmentary reports received as to the bloody massacre by Russian soldiery at Resht are causing serious apprehension. Little additional information regarding the reported massacre has been received.

The main trouble occurred last

Sunday when the killed at Resht are said to have numbered 500, according to latest advices, and these included women and children.

Direct dispatches from Teheran made no reference to these casualties and a report from the Russian consul at that point states that order is now restored, although he is preparing for further outbreaks.

The strategic point of Tabriz, 350 miles to the northwest of Teheran, is another center of constant collisions between the Russian and Persian elements. One dispatch says the Russian artillery swept the streets, while another, through a Russian source, says a condition of anarchy exists, even the bank being without adequate guards.

EXAMINATION OF TEACHERS BEING CONDUCTED TODAY

The state teachers' examination, under the supervision of Professor A. N. Yoder, is being conducted today at the High School building and will continue tomorrow and Friday. The following persons are taking the examination: Misses Edna Sullivan, Muriel Robb, Della Gilbert and Delphine Alice Schoen, all of Tonopah, and Miss Josephine McCune of Silver Peak.

SHOT TO DEATH AND NOT TO PIECES

BALTIMORE, Dec. 27.—King Davis, a negro, aged 28, who shot and killed F. A. Schwab, a white man, at Fairfield, Md., was taken to Brooklyn, a suburb, and shot to death. First reports had it that he was cut to pieces with hatchets.
